Tablets aren't made for photography, and base iPad cameras are pretty poor too

Reply

aaronwt 30 Nov 2021 F@H

That has been the norm with Samsung tablets. But then the cameras on the tablets are typically crap too. They would not be my first or second choice to use to take a picture.

Reply

Anonymous 29 Nov 2021 YWi

I was really disappointed because this tablet does not have a flash light at the back which should be there because flashlight is common on all phones/tablets, it also doesnt come with a hand free.
