## About App

Little Stars is a very interesting app that lets you check in on your home or other places, just as you would with any of the popular video surveillance programs. You can also see who is around right now and talk to them through the app. Little Stars also includes a

panic button that lets you contact your neighbors at all times, even if they are not nearby.

In other words, you can use it to notify them if you are away from home without having to dial their numbers manually. Little Stars is an excellent security app for your house or other places where you have cameras. It helps increase your privacy, but also lets you
