

This **Rainmeter Suite** includes **6 skins** and **5 Wallpapers**:

- **Weather** skin
- **Date** skin
- **Time** skin
- **Launcher** (*Start Menu*) skin
- **Google Search** skin
- **User Profile** skin
- and the **5 Wallpapers**.

- Experience **Windows 11 Start Menu** on your PC running **Windows 10** or **7** *(or Windows 11)*.
- The **Start Menu** is draggable, you can move it to any place of your monitor you prefer or on the **taskbar skins**.
- There are **3 Dark + 3 Light taskbars** for different monitor resolutions. Taskbars are optional, depending from your needs or your personal taste.
- The **Weather** needs configuration for your home town, click on the **weather Icon** and the settings window will appear, there you can personalize the weather for your home town, it is easy, there are detailed instructions. To see the changes please hit enter close the settings window and **refresh the skin**, by **right** clicking on the **skin (Start Menu)**, a popup menu will appear with the command "Refresh skin".
- The **rest skins** don't need any instructions.

Stay tuned, more suites and skins will follow.
